Second Annual Texas Blonde D'Aquitaine Field Day In San Marcos, Texas

The Texas Blonde D'Aquitaine Foundation, Inc., in association with 8 Agricultural Management Systems, Inc., of Maxwell, Texas, will host the 2nd Annual Texas Blonde D'Aquitaine Field Day in San Marcos and Maxwell, Texas on June 18, 1983.

Blonde D'Aquitaine breeders, ranchers and other interested persons from throughout Texas, New Mexico and Oklahoma will attend. The general public is invited to see and hear all about Blondes, an internationally known breed of cattle that is making its presence known on ranches in the United States and Canada.

The 2nd Annual Blonde D'Aquitaine Field Day will begin at 9:30 a.m. with seminars and cattle judging contests in the Heys County Civic Center in San Marcos, Texas.

The Master of Ceremonies will be Dr. Mike Abel, DVM, of Southwest Texas State University, San Marcos. Mr. Tom Garcia of New Mexico State University, Las Cruces, will officiate a cattle judging contest open to all those attending the Field Day. Garcia will discuss the special merits of the Blonde breed and explain what to look for in animal quality while judging. Dr. Frank Orts of Texas A & M University will present a seminar on beef carcass composition and its relationship to live animal conformation. The activities in San Marcos will conclude with a barbecue in the Civic Center beginning at 12:30 p.m.

After the events in San Marcos, activities will move to Buddy Smith's "Hatcho Del Camino Reel" along the banks of the San Marcos River. An embryo transfer demonstration and discussion will be conducted by Dr. J.D. Norris, DVM. Other activities at the ranch will include cattle tours, marbles, food & drink, swimming, tubing and all-around good time.

For more information, contact Texas Blonde D'Aquitaine Foundation president, D.C. (Andy) Andersen, 406 Sutterly Court, Houston, Texas, 77079; 713/669-7874, or Buddy Smith, 818 Agri Management Systems, Inc., P.O. Box 276, Maxwell, Texas, 78856, 512/697-6181.

Fed Cattle Uneven, Hogs Mostly Higher At Central Markets

(CONT. FROM PAGE 1)

6,000 above a week earlier and 11,000 higher than a year ago.

Perfect 10 Hereford Females Avg. \$5150

(CONT. FROM PAGE 1)

Top seller was consigned by J.D. and Joyce Jordan of Mesquite, TX. JB L1 Dominette L106, a January 22, 1981 daughter of LVR L1 Domino 906. She was safe in calf to Lose Star Dom 217B and sold for \$12,500 to Diamond H Hereford of Bryan.

Second top seller, also purchased by Diamond H Hereford, was consigned by Crestle Hills Hereford Ranch, Gracita, Queen 2320, a daughter of Grand Slam born September 20, 1981. She was safe in calf to David. Third top seller was also consigned by Crestle Hills Hereford, Gracita Dominette D18, daughter of David born February 16, 1982. She was safe in calf to Flying L Solitaire and sold for \$5900 to Little f Hereford of Sterling City.

A very useful set of Hereford heifers. They were well presented and this was an excellent way to top off the Greater Hill Country Association Hereford Tour.

Auctioneer was Stanley Stout.

Miraflores Simmental Avg. \$4350 On 47 Lots

(CONT. FROM PAGE 1)

Miraflores 961N, a July 27, 1981 daughter of Femo, bred to Jasper 4J on January 31, 1983. She sold for \$7200 to Creed Akony of Hinesh, NY. Second top seller was Miss Miraflores 202M born April 1980. She was a daughter of Femo and had a heifer calf, born September 1982 by Jasper 4J and was rebred to Jasper. This three in one package sold for \$9900 to Sweetbriar Simmental of Corsicana, TX.

Third top seller was Miss Miraflores 942N Polled, a March 1981 daughter of Femo. She was bred to Jasper 4J on November 27, 1982 and sold for \$8000 to Don Cole Investment Group, Denton, TX.

Fourth top seller was Miss Miraflores 29M, a daughter of Femo, who sold with heifer calf born November 28, 1982 bred by Jasper 4J and rebred February 28, 1983 to Salvation. This three in one package sold at \$7100 to Edwin and John Krolezky of Waller. A top set of cattle that were well presented to a very active bidding crowd. A very successful sale.

Auctioneer was Joe Mitchem.

and 10,000 more than one year earlier. Price trends, quotations on choice and prime steers and heifers and on the mixed good and choice grades and good to choice Holstein steers end on U.S. 1-6 hogs scaling 200 to 270 or 280 lbs. included:

OMAHA two-way fed steers were steady, but packer cattle were steady to 28 cents lower. Heifers held steady. Steers \$68 to \$87 and \$68 to \$68.50. Holsteins \$58 to \$58. Heifers \$63 to \$66 and \$61 to \$63. Hogs firm to 60 cents higher at \$45.50 to \$46.50. SIOUX CITY fed cattle steady to 60 cents higher, including two-way steers at the top. Steers \$68 to \$67.75 and \$64 to \$66. Holsteins \$57.50 to \$58.50. Heifers \$63 to \$64.75 and \$62 to \$66. Hogs 75 cents to \$1 higher at \$45.50 to \$46.

ST. PAUL steers steady to firm. Heifers steady to 50 cents higher the gain on those scaling 1,000 lbs. or more. Holsteins: steers \$1 to \$1.50 higher. Steers \$64.50 to \$66 and \$68 to \$64.50. Holsteins \$56.50 to \$60.50. Heifers \$62 to \$63.50 and \$60.50 to \$62. Hogs fully steady at \$45.50 to \$47.50. SIOUX FALLS fed cattle steady to firm. Steers \$68 to \$67.75 and \$64 to \$66. Holsteins \$56 to \$58. Heifers \$61.50 to \$64 and \$60 to \$61.50. Hogs 60 cents higher at \$45 to \$47.50.

JOLIET fed steers steady to 50 cents lower the decline on cattle over 1,200 lbs. Heifers firm to 50 cents higher. Steers \$66 to \$67.25 and \$65.50 to \$68.50. Holsteins \$58 to \$62.50 and \$60.50 to \$62.50. Hogs 50 cents to \$1 higher at \$45 to \$48.50. PEORIA steers steady to 50 cents lower, and \$62 to \$63 and \$60.50 to \$62.50. Holsteins \$58 to \$61 and \$56.50 to \$58.50. Hogs 50 cents to \$1 higher at \$45.50 to \$48.50. LOUISVILLE fed cattle weak to 50 cents lower and 75 cents to \$1 lower. Steers \$63.50 to \$66 and \$63.50 to \$66.50. Holsteins \$58 to \$61 and \$56.50 to \$58.50. Hogs 50 cents to \$1 higher at \$45.50 to \$48.50.

200,000 was 23,000 below last year.

A. I. and PALPATION Training Courses

July 5-8, Sulphur Springs, Tx.
July 18-21, Oklahoma City, Okla.

A.I. Training \$200.00
Palpation \$150.00

A \$50.00 semen credit certificate will be given each A.I. student to apply on order of semen from COBA. Palpation is not offered by itself unless you have previously taken an A.I. school. Both courses can be taken at the same time with no conflict in subject. Palpation Course will be conducted in cooperation with Texas A&M Extension Service.

ADMINISTRATION BUDGETS WASTE OF TIME...

The various news mediums have been regaling us with oaths of how the Administration and Congress have been arm wrestling with budgets for months as each side josts the other day after day. They know deep down and well they have no intention of paying one bit of over mind to these flingers and it does seem this is a perfect example of why how simple minded they flinger you & me can be. Anyone who can read at the fifth grade level can see through these shenanigans without half tryin'. What is in them budget flingers mean outin' at all.

Congress and the Administration have ways and means of getting around (CONT. ON PAGE 7)

Seven States Cattle On Feed Increased 2%, May Sales Up

The monthly report on cattle on feed in the seven states showed 7,581,000 head on feed, a gain of 2% over last month and the same number as a year ago. The industry found good news in the fact that marketings in May totaled 1,588,000, or 6% above the previous month and a large 12% above last year. The heavy outpour movement was interpreted in some circles as a bullish figure for the near term in fed cattle prices.

7 STATES ON FEED (In Thousands Head)

	June 1	68 as % of 68
Arizona	1288	97%
California	887	124%
Colorado	499	96%
Iowa	880	107%
	1,085	98%

(CONT. ON PAGE 4)

Fed Cattle, Hogs Sold Lower Monday At Most Markets

Around the central markets on Monday the trade on fed steers and heifers was unevenly to sharply lower and once more heavy weight two-way steers in slaughter flesh packed to fare better than the strictly packer types as feeder buyers thought a brighter future was in store for the mildly bullish cattle on feed report of last week that indicated a very heavy marketing of fat cattle in May. The dressed market opened on a downward turn Monday, which added to the already bearish atmosphere at the start of this week. Receipts of the markets for both cattle and hogs were near level with a week ago. Slaughter steers and heifers were little changed at most of these markets Monday. Monday's estimated cattle kill at 122,000 was 5,000 under a week ago and 3,000 over last year.

Hogs were also under price pressure at most of the markets being firm to steady to 50 cents lower to as much as

Legislature Will Deal With Texas Brucellosis Crisis and Threat to TEC, Both Should Take Week, 10 Days

Texas Gov. Mark White apparently did a complete turnaround on the Texas brucellosis problem two days after he had announced a truce with the USDA's APHIS. At a news conference June 15 White had announced the USDA was questioning plans for an immediate quarantine of Texas cattle and Attorney General Jim Matton announced the scheduled hearing in federal court in San Antonio would not be held.

White indicated he had assurance from South Texas Heeher H.J. Rodi, Nutterly and his attorney, Morris Atlas, they were willing to negotiate on a "reasonable basis". State district judges in South Texas had exempted Nutterly's cattle, spread over a reported 14 counties, from the Texas Animal Health Commission's brucellosis program. They held the excess of the TAHC were unconstitutional because the commission had exceeded its legislative authority by adopting the federal rules. Nutterly is involved with former Texas Univ. Dolphin Briscoe and Briscoe has spearheaded the fight against federal regulation. Briscoe is also a close ally of Gov. White, having been named to the position of pointing him secretary of state in 1978.

It had been reported that USDA would publish a quarantine notice in the Federal Register late last week and comments from the cattle industry would be sought before further action was taken. White announced the brucellosis problem would be included in a special legislative session "if and when" such a session was convened. In his surprise move Gov. White at a hastily called news conference last Friday and announced he would call a special session to deal with the brucellosis crisis and the impending abolition of the Texas Employment Commission. The TEC would have gone out of business under Texas sunset laws if the legislature failed to enact a bill continuing its existence before Sept. 1.

Several states have already announced embargoes on Texas breeding cattle subject to the Bang's disease regulation and others were threatening to take similar action. Cattle producing states, whose cattle are in market competition with Texas cattle, have been poised to her Texas cattle since the announcement of the projected quarantine.

White was joined at the press conference by House Speaker Gib Lewis and Lewis estimated the law makers should be able to handle the issues within a week or ten days after convening this Wednesday (June 22).

This special session of the legislature starts the day before the annual convention of the Independent Cattlemen's Association in Austin June 28-29. This week ICA's general manager, Cliff Briscoe, called for a massive gathering to protest the move to get Texas into compliance with federal brucellosis regulations. His announcement said: "By now, you probably have heard that Gov. Mark White has called a special session to reconsider state brucellosis legislation...the same legislation that we successfully defeated in the regular session at first. It appeared that a sensible solution to the brucellosis situation could be worked out, but now Gov. White and other officials are trying to railroad the small beef producer by bringing this thoughtless, damaging and ill-conceived bill up again."

The special session begins the day before the ICA 9th Annual State Convention here in Austin June 28-29. Now, it is even more VITAL that you attend the convention, and THAT YOU BRING A CARLOAD OF FRIENDS AND NEIGHBORS WITH YOU!

ICA is placing to use this opportunity to show our elected officials that there is a solid, grass-roots block of opposition to this program — a bureaucratic boondoggle that costs many times more than the disease itself. PLEASE BE HERE AND MAKE YOUR VOICE HEARD!

There was much speculation in cattle circles as to what triggered Gov. White's about face and his hurried call for the special session. Concomitant appeared to be that the governor had heard from large numbers of cattle breeders concerned about the growing threat of more embargoes of Texas cattle by states and the impact on Texas cattle prices which could run into the hundreds of millions of dollars. Other views were that White had finally been convinced the USDA's APHIS had the power and would use it to quarantine the state.

To date the quarantine threat has had little or no noticeable effect on several large registered cattle sales in the past week or two, however the threat hanging over the breeding cattle industry became more real each passing day as other states either announced embargoes or were listed as giving serious thought to them.

**Fort Worth Stockyards
Announces Special
Stocker-Feeder Sales**

Fort Worth, Texas—The Fort Worth Stockyards has announced a series of Special Stocker-Feeder Shows and Sales to be held in 1983. The sales will be held the last Thursday each month thru October and the final sale will be held November 17, 1983.

Sale dates are June 30, July 28, August 25, September 29, October 27 and November 17.

Judging of show cattle will begin at 7:30 a.m. on show and sale days and odd lots will start selling at 9:00 a.m. Prize winners will begin selling at 10:00 a.m.

There will be show classes for Hereford steers and heifers, Angus steers and heifers, and crossbred and exotic steers and heifers. Steer and heifer classes are shown in lots of 10-19 head and 20 head and more. Bulls may be shown with steer classes.

These special shows and sales have been held for many years at the Fort Worth Stockyards and attract buying power that insures competitive prices for consignors. The sales attract cattle

in sufficient numbers and uniform quality for buyers to easily fill their needs. For information and to make consignments to these special sales contact any of the following full-time, full-service commission men at the Fort Stockyards office at 817/824-2801.

Worth Stockyards City Office

Stuph & Thangs

(CONT. FROM PAGE 1)

these budgets without workin' up any sweat. Just the other day the news mediums are now cackling about how the Democratic House had added something like \$17 billion to the various entitlement programs more than Reagan & Co. wanted, and about that same time back in the '80s newspapers they mentioned that the Congress had approved a supplemental appropriation of a mere \$16.8 billions.

Now in our feeble mind a supplemental appropriation means something added to whatever the budget calls for that we are now supposed to be workin' under. In other words, various federal programs were runnin' short of cash and the supplemental appropriation was to bail 'em out before they had to quit spendin'.

What's much worse are these tricky little appropriations known as 'self budget' items. These things cover all kinds of things you never hear about and most of it is Govmint garbage of debt of one kind or another. For instance, no one really has the vaguest notion of how many trillions the U.S. Govmint has garanteed and while there is all kinds of 'wastin', 'wastin' and 'wastin' of teeth about the \$1 trillion plus deficit, the best guess is that these off budget items and debts garanteed by the Govmint run someplace between two trillion and five trillion dollars.

We are a lot further in the hole than we even are guess at in this country. If Uncle Sam has all of these chits called in at one time we would be so broke we would be tryin' to borrow some money from Mexico or Brazil or anybody we are still on speakin' terms with.

Ever thine,
The Editor.

Livestock Slaughter, Meat Production

Texas Angus Hold State Wide Field Day

A large crowd of Angus breeders from across Texas gathered at Angus Ranch located in McKinney to attend the Texas Angus Association's State Field Day.

The day began with a breakfast, held at the Field Day headquarters, sponsored by the Texas Angus Association Auxiliary. Following breakfast, everyone went out to Angus Ranch, which is owned by Neill Portman.

The morning started off with a judging contest with over 50 people trying their evaluating skills. Vernon Schmidt of McGregor won the men's division, with Bob Browning of Richardson placing 2nd and Ode Allen of Ponder placing 3rd. The women's division was captured by Frances Allen of Ponder with Ode Clark of Houston and Billie Hartley of Hallsville, placing 2nd and 3rd respectively. The youth division was won by Leslie Brown of Orem, with 2nd place going to Robert Dahl of Houston.

A great deal of laughs and excitement started when Mr. Portman announced the "OLDTIMERS" showman contest. Contestants, who were picked by Mr. Portman, included: Ray Adams, Tahoka; J.V. Haysler, Cleco; George Graham, Wichita Falls; Vernon Schmidt, McGregor; Bob Browning, Richardson; and Roland Burrows, Houston. The judges for this event were Ken Conway of Briggs and Richard Stotts of Wichita Falls. J.V. Haysler and Ray Adams were named champion and reserve champion Oldtimer Showmen.

Mrs. Maxine Joy, President of the Ladies Auxiliary, presented Kim Eberle, the out-going Texas Angus Queen, a check and present for all her efforts and time she put in this year.

Leslie Brown of Orem won the girls Auxiliary scholarship, with Mark Lant of Muldoon, winning the boys scholarship.

LeAnn Thomas of Corsicana was presented as the new Texas Angus Queen. Libby Williams, Lockney, Julie Schermerhorn, Houston and De Ann Delk, Houston, were named princesses.

Dr. Bob Browning, chairman of the Directory Committee, presented Ray and Neill Adams, Tahoka, the first copies of this year's directory because they had been selected to have the directory dedicated to them for all their hard work and support they have given the Angus Association and the great contributions they have made to the Angus breed and Ladies Auxiliary.

Ray Adams, President of the American Angus Association, was introduced and gave a talk on the highlights of the Centennial Celebration of the American Angus Association which will be held September 15-17 in St. Joseph, Mo.

Vernon R. and Amy Schmidt, chairpersons of the "Texas Tour to St. Joseph" kicked off the 100th Birthday Celebration by giving all the details of the tour and urging everyone to go.

Billy Yarbrough (left) owner of B&L Angus, Shewane, OK, and Ken Walker, Rolling Oaks Ranch, Burkett, TX, both made several purchases at the Gunston West Angus Dispersal, June 1 in Lam-pasas.

The next part of the afternoon program was the presentation of Centennial and Historic Herds Awards. A Centennial Award which is given to a ranch that has been in business for over fifty years was presented to KTV Angus Ranch of New Braunfels.

Historic Herds, those in business for over 25 years, were presented to Vernon R. Schmidt, McGregor; J.D. Sargent, Tolar; George Graham, Wichita Falls; Bill Clark, Houston; C.W. Chandler, Jr., Ringgold; Percy Powers, Perryton; Robertson Angus, West W.A. Seidel, Knippes; Luther McClung, Comanche; Barbour Ranch, Iowa Park; Texas A & M University, College Station; Clayton Strihling, Llaneta; Ben-ton Angus, Nacogdoches; A.L. Hartzog, Borwin; Welcome U Farms, Orem; Casey Heatherly, Richland Springs; Ode Deal, Eldorado; Billy Brown, Jackboro; D.L. Kenney, Edgewood; Bearden Brothers, Wichita Falls (who inadvertently were omitted to the ceremony).

Following the program a tour of Angus Ranch was given by Joe Kirk Smith, Manager of Angus Ranch.

Don Trimmer Jr.
Regional Manager

Don Trimmer Jr., 28, of Woodboro, Maryland, has been hired as a regional manager, effective July 1 for the American Angus Association and Angus Journal in Illinois and Wisconsin, reports Dick Spader, executive vice president of the Association.

Ray Adams, President of the American Angus Association, was introduced and gave a talk on the highlights of the Centennial Celebration of the American Angus Association which will be held September 15-17 in St. Joseph, Mo.

Vernon R. and Amy Schmidt, chairpersons of the "Texas Tour to St. Joseph" kicked off the 100th Birthday Celebration by giving all the details of the tour and urging everyone to go.

On the Ray Adams Ranch at Tahoka, all the pens and working facilities connected with the auction barn were built by Ray.

Ray Adams looks over some of the Angus cows on his ranch near Tahoka, TX.

Ray Adams Angus & Farming In The High Plains

The high plains area of west Texas is well known for many things, primarily its big farming and cattle feeding. One man is helping bring west Texas under a different spotlight and make the area notable for another phase of agriculture... Angus cattle. He is Ray Adams, Tahoka, the president of The American Angus Association and of course a registered Angus breeder.

Ray is engaged in an extensive farming operation, primarily cotton and milo, covering over 3000 acres. His Angus cow herd and ranch is located about 20 miles southeast of Tahoka. The herd consists of approximately 300 females, which is a combination of mature cows and bred heifers. His herd bulls include, Thomas Flash, a son of Chaps from the Thomas herd in Oregon. Adams is also using three of the best sons of Mr. Angus. They are Target, Greenhaze Chairman, and SVP. Adams is assisted by Ted Thomas, who acts as herdman and they are preparing for their fifth production sale, Oct. 1 of this year. Last years sale saw cattle go to buyers in eleven states. The offering this year should be even better.

Following the program a tour of Angus Ranch was given by Joe Kirk Smith, Manager of Angus Ranch.

Ray Adams, President of the American Angus Association, was introduced and gave a talk on the highlights of the Centennial Celebration of the American Angus Association which will be held September 15-17 in St. Joseph, Mo.

Vernon R. and Amy Schmidt, chairpersons of the "Texas Tour to St. Joseph" kicked off the 100th Birthday Celebration by giving all the details of the tour and urging everyone to go.

AC Angus Dispersal
Sole \$720 Pace

AC Angus Ranch Dispersal of Commercial cattle was held May 21 in Bigler, OK. The 100 lots totaled \$115,000 for a \$720 average.

This set of cattle featured the inclusion of Chianina and Limousin bulls and sold by pasture sire groups at steady prices throughout the day.

The top selling lot of the day was a Limousin herd sire at \$2600 that went to a Oklahoma buyer and one of the

Chianina bulls brought \$2000. Most of the pairs sold in the \$850 to \$900 range with the better pairs going for the \$1000 mark. The bred cows brought \$550 to \$700 with the top lot \$800.

Most of the cattle went to local buyers that were buying in numbers. Duh Venable was the only manager and auctioneer.

NEW STUFF Keeps You Informed

James H. Doolittle made the first all-instrument flight in aviation.

Volume buyer of the sale included Plum Creek Brangus of Fairfield.

The sale was managed by the Texas Angus Association of Fort Worth, TX. Sales chairman was Jim Reeves and auctioneer Charles Rollos.

R & J Ranch of Briggso, Bhs brought \$3500 going to Rolling Oaks Ranch of Burkett. A September 4 daughter of Ankonian Dynamo consigned by Deep Down Ranch of Paluxy brought \$3100 going to Bobby Derek of Chico.

The Mid Texas Angus Association held their spring female sale on May 28th at the Fort Worth Stockyard in Fort Worth, TX. Forty six lots grossed \$64,085 to average \$1178.

Top selling female was a November 1981 Progressor daughter consigned by James H. Doolittle made the first all-instrument flight in aviation.

CINDY SMART

Girl Named Simmental Merit Recipient

Cindy Smart of Hico, Texas, is one of five junior members of the American Simmental Association to be named to receive the prestigious ASA Merit Award.

Now a freshman, majoring in accounting and computer science at Tarleton State University at Stephenville, Miss Smart began her affiliation with Simmental cattle five years ago. She was elected as a national AJSA Trustee in 1982 and has reigned as Texas State Simmental Queen. In the 1982 Summer Classic, which is the AJSA national event, she was the fourth highest ranking individual among more than 180 contestants.

Established three years ago, by the ASA Trustees, the Merit Award is designed to provide recognition to junior members who have made significant contributions to their community, home, school, family, and the Simmental breed. Consideration is based on a number of factors, including leadership, scholarship, and involvement in extra-curricular activities.

The Award includes a \$500 stipend to be used by the recipient for post-secondary educational purposes.

The 1983 Award winners were named from among an outstanding field of candidates. "The final decision was a difficult one," said Earl B. Peterson, ASA Executive Vice President. "More than 40 highly qualified individuals submitted applications, and the screening committee had a very tedious task in sorting them out."

"This brings our three year total to 19," Peterson commented. "All recipients have measured up to some very demanding qualifications. Because there are very close to this level of accomplishment, we expect to recognize even more youths in the years to come."

Other Merit Award recipients as announced June 18 at the American Junior Simmental Association Summer Classic in Louisville, Kentucky were: Dan Bates, 18, North Branch, Michigan; Terry Burke, 19, Glasgow, Kentucky; David Ivan, 19, New Lanthrop, Michigan; and Scott Bohanko, 20, Lawrence, Kansas.

Gholson Ranch Expanding Market For Simmentals

Utopia, Texas, located in the Hill Country Northwest of San Antonio 70 miles, is the home of Gholson Simmental Ranch, a producer of top flight commercial bulls.

Their market for the top Simmental range bulls is expanding as customers are returning to buy more Simmentals, after trying them for the first time. The reports are that those bulls are crossing especially well on the Brahmas cross

Jim Bell and daughter Kelly at the Gholson Ranch headquarters. Jim is manager for Gholson Ranch.

cows in the South Texas area.

This has prompted Jim Bell, manager for Gholson Ranch, to enter into the Simbrah business as well as the straight Simmentals. This will give their customers of the future an opportunity to purchase Brahman influenced bulls in addition to the Simmental bulls.

In addition to Erasado, a Achilleo son and Richard, a red eyed polled son of Galat, both Simmental hard cross, Gholson Ranch has used several Brahman bulls. One in particular is a six-year-old gray bull from Seeburg Ranch. Jim is especially happy with the

American Simmental Assn. Performance Pedigree

Bozeman, Mt. Simmental breeders may now obtain all of the performance and ancestral data on progeny from their breeding herd without requesting that a registration certificate be issued. Previously, unless an animal was entered in the American Simmental Association Herdbook and a Certificate of Registration provided, the owner of record received only the performance information.

Results of crossing their good purebred and fullblood Simmental cows and the Brahman bulls.

Gholson Ranch is making every effort to stay on top of the purebred industry by participating in an embryo program in an effort to move generations as quickly as possible and stay competitive in the show ring and gain tests.

Look for Jim and Barbara Bell and their family this fall at the show and sales, they enjoy visiting about Simmentals.

Through a newly introduced program called the Performance Pedigree, performance data on progeny from their breeding herd without requesting that a registration certificate be issued. Previously, unless an animal was entered in the American Simmental Association Herdbook and a Certificate of Registration provided, the owner of record received only the performance information.

A fee of \$10 will be assessed for performance pedigree based on the fact that breeders who sell purebred bulls to commercial cattlemen are not this to be a very useful marketing tool," said Earl B. Peterson, ASA Executive Vice President. "It is a decision later that he does not want to obtain a registration certificate, but the pedigree will apply towards the certificate expense."

"Several Central Test Stations have indicated an interest in this program," Peterson said. They have provided them with the information to more effectively market potential bull buyers about the center sale offering."

Longer Simmental Announces Sale to Be Held October 22

Mineola, TX. — H. L. "Hank" Longier, III, Managing Partner of Longer Farms, announced that their "Pride Shows '83", Simmental Production Sale will be held October 22, 1983 at the farm at Mineola, Texas.

Approximately 85 lots will be offered, with the majority being fullblood females.

A few select embryo matings will also be offered.

The sale will include the first and best Simbrah offered from Longer Farms breeding program.

For further information call or write: E. L. "Hank" Longier, III, Longer Farms, Route 2, Box 221, Mineola, Texas 75773, (214) 569-8414.

Farm and Ranch Equipment Auction Set For June 25

Esper, Miss. One of the largest operations of farm and ranch equipment in Mississippi will be held Saturday, June 25, 1983 at 10:00 a.m. near Esper, Mississippi. All of the equipment of the C-M-W operation will sell 1/4 mile north of Tomnolen, Miss.

The sale offering includes 16 tractors, a Cat D7, a Cat 12 motor grader, combine, 11 trucks, several 4 wheel drive vehicles including jeeps, vans, trucks, trailers, olney wagons, forage harvesters, steel cable, tub grinders, large headers, seeders, planters, grain drills, rake, rotary hose, clippers, silage equipment, discs, cultivators, elevators, 2 mobile homes, silage, shop equipment, office furniture, and much more.

For information on additional items and terms contact Yokley & Lundy Auction Company, Box 577, Belcom, Miss. 39088, 601/247-8292 or 1941.

Simmental National Sale Set For 1984

Bozeman, Mt. For the first time since 1976, the American Simmental Association will again designate and conduct a National Sale. The event is scheduled for January 19, 1984 and will be held in conjunction with National Western activities in Denver, Colorado. Transcon Livestock Services, Inc. has been selected as the sale management firm.

"The Board of Trustees has decided to reinstitute The National Sale, and has chosen the Denver National Western as the site," said Earl B. Peterson, Executive Vice President. "The Colorado Simmental Association has agreed to relinquish their National Trendsetter Sale held each year at the National Western, in favor of The National and we appreciate their willingness to cooperate in this manner."

Peterson pointed out that preliminary plans call for 80 head of purebred Simmental and Simbrah, including both bulls and females, to be consigned. All cattle nominated will be appraised and selected on the farm in order to meet rigid quality standards.

All animals in the sale will be blood typed and their parentage verified prior to the date of sale. Full performance data, including estimated breeding values, will be published on all cattle.

"We are expecting that breeders will consign their very best animals to this event," Peterson said. "Emphasis will be placed upon known parentage, predictable genetics and carefully selected individuals for what should be the top quality Simmental-Simbrah sale attraction of the year."

Nomination forms are available from Transcon Livestock Services, #989 Livestock Exchange Building, Denver, Colorado 80218. Nominations will be accepted until August 15, with final selections determined by mid-October.

Simmental Summer Conference Stated For July 13-15

Bozeman, MT. For the first time, the American Simmental Association will hold a meeting of national scope in the Great Northwest. The organization's ninth Annual Summer Conference will be held in Pasco, Washington, July 13-15. The Red Lion Motor Inn will serve as Conference headquarters.

"It has long been our tradition to rotate the sites of our meeting to various locations," said ASA Executive Vice President Earl B. Peterson. "We held the 1977 Summer Conference at Wood Yellowstons, Montana and our 1979 Annual Meeting and Convention was in Reno, Nevada, but this is the first time for a meeting in the Northwest section of the U.S. Breeders who reside in Oregon, Washington, Idaho and other areas states will thus have an opportunity to participate in discussion on current issues involving Simmental cattle and ASA."

Norm Hayes, ASA Trustee from Cody, Wyoming, who is Chairman of the Planning Committee pointed out that a new format will be employed in conjunction with the 1983 Summer Conference. "We are very interested in the agricultural features of the area," he said. "In the past, we have built our meetings around the concept of a family vacation... but have changed our approach to include the farming and livestock attractions located nearby."

Guided bus tours will deliver Simmental producers to such locations as feedlots, packing plants, irrigation projects, and dairies. In addition, a special ladies bus tour will take in the famed woolen mills at Pendleton, Oregon.

"We are also looking forward to hearing a number of outstanding speakers," said Hayes. "Dr. Baxter Black, a consulting veterinarian, is one of the most impressive, humorous philosophers you could ever hear. George Spencer, former Executive Vice President of the National Cattlemen's Association, who is well known for Beef Packing; and David Gault, General Secretary of the British Simmental Society will also be on hand for all or some part of the Conference."

Gloria Campbell, a "consultant and trainer in communications will lead a ladies workshop entitled, "The Feminine Cowboy: Today's You". Social activities planned and coordinated by the co-hosting Oregon and Washington Simmental Associations will include a steak fry, a cowboy breakfast and a banquet.

Persons needing additional information are instructed to contact the American Simmental Association, One Simmental Way, Bozeman, MT 59716, telephone (408) 587-4681.

Lord's Circle L

Simmentals Avg. \$1244

Dean Lord held his Circle L Simmental Ranch Complete Dispersal Sale on June 18, 1983 in San Saba, TX. One hundred and fifteen lots totaling \$148,160 to average \$1244.

Top selling lot was a three-in-one package. The cow was born November 25, 1979 a daughter of ABC Signal 108G. She was sold in calf to Circle L Signal and had a bull calf at side born December 10, 1982 by Circle L Achilles II. They sold for \$2500 to Wonder Hill Simmental of Chappell Hill, TX.

Second high selling lot was also a three-in-one package. The cow born November 26, 1979, and a daughter of RTR Lonesome Charlie. She was rebred to Circle L Achilles II and had a heifer calf at side born November 1982 by Circle L Achilles. They sold for \$1050 to Howard Tanner of Menard.

Third top selling lot was also a three-in-one. The cow born November 1979 was a daughter of Circle L Achilles. She sold rebred to Circle L Signal and had a bull calf at side born November 2, 1982 by Circle L Achilles II. She sold for \$1025 to Bill Clemmons of Comancha. The heifer calf sold at \$900 going to Aldrich Simmental of Branham.

A very steady market on a useful set of Simmental cattle going to many new buyers in the Simmental business, as the market was very steady and the demand good throughout the sale.

Sale manager was Don Taylor, Auctioneer Joe Micham.

WESTERN REFERENCE '83 is Aug.

American Chianina Assn. To Dedicate Office July 8

The new ACA office building will be officially dedicated on the evening of July 8, 1983.

Occupied since last November, the building is being dedicated during events surrounding the National Junior Heifer and Steer Show at Platte City, Missouri.

This is a wonderful opportunity for all members to be part of the junior excitement, and to view the new ACA office. Plan to attend!

Judges Listed For Chianina Show Season

In March a ballot was mailed to all exhibitors of the 1981-1982 ACA National shows, and of the 1982-1983 National Western shows. Everyone was asked to vote for three top choices for a judge for the 1983 ACA National Show. It was indicated at that time that this list would also be used in determining judges for other shows in the 1983-84 season.

All ballots have been returned to the ACA National office, are tabulated, and are printed below. The names are listed in order of the number of votes received by each prospective judge. The first name received the most votes, and second name received the second largest number of votes, etc. Ties are indicated by parentheses.

Dan Hoge, Harlan Richle, Gary Minah, Doug Parrett, Jimmy Linthicum, Myron Danner, Jerry Adamson, Harold Callahan, Gell Long, Paul Clapp, (Kilo Overpeck, Dee Woody), (Bart Glass, Marvin Nichols), (Jim Horley, Bobby Mey), (Kent Garrothers, Rogers Hunsley), (Glen Klippenstein, Eldon Krebs), Ralph Danner Jr., Herman Purdy, (John Coble, Bill Elliott), Dave Hawkins, Craig Schilder, (Ollie McKee, Lyle Miller),

The country's number one

ROUND BALE LOADER

The Three-In-One (or 4x4x8) made by E.X.C.L.

Unit Can Be Removed From Trailer in 2 minutes and Mounted On Pickup Or Tractor

Mounted on Pickup in Loading Position

Tractor Mounted in Loading Position

- Picks Up Low Or High Density Bales
- All Operations For Trailer And Pickup Can Be Done In The Convenience Of Pickup Cab

It's so EASY! The Loader is set on trailer by using 2-5/16" ball. Has two hold downs on back of trailer. One pin holds Loader on trailer. To mount on a pickup, you simply pull one pin, slide off trailer. The unit will set on Gooseneck ball in pickup mounted with the same pin. There are other adapters if ball not available.

Pull two pins, unhook cable and you have a 3 pl. There is no whip when pulling this trailer because the axles extend back. Axle clearance is 2 ft., eliminating high centering. From Trailer or Tractor you simply pull two pins. There is also a 2 in 1 Loader available. It works on Trailer and Tractor only. The unit has only 3 moving parts, 2 pins, 2 axles, Chevrolet or Ford, one 3,000 lb. winch (which is guaranteed 1 yr.). Ground clearance is 3 ft. The beauty of a Trailer like this is its versatility - when it's muddy and you can't back trailer into the bale, you can use the Pickup or Tractor. This 3 in 1 unit will serve all needs except multiple bale moving.

The Challenge of Change

The choice is simple. If you want to stay in the business of production agriculture you must accept the challenge of change. No one wants to change. Your primary goal should be to remain profitable. You can't do that unless you're willing to accept it and can make the initiative to do it. You can survive and show profit. At Black Champ Chianina we have a large selection of Range Bulls for sale. These bulls are changeable. In single or truck loads. After Joe will be most happy to assist you in selecting bulls that will best fit your needs. More cows bred, more calves born alive, heavier weaning weights and, best of all, someone will just love to feed are the reasons to change to Chianina Range Bulls.

Notes From The SWPA President

BY WOOLIE TALBOT

Behind every successful field day there is a great deal of planning, work, and expense. I would like to express appreciation to every person who gave of their time, effort, and personal finances — Don Scott, Marie Hooper, Mett Froe, Bob Sullivan, W.J. Sparks to name a few, and to the John Thorneas for their excellent coverage of the informative program and on the day. A special word of thanks to members for their presentation of high quality Pinzgauer for inspection by follow breeders and visitors. As last year, cattle were sold at private treaty, members and visitors had the choice to meet, compare notes, visit, and make plans for the future.

A good number of cattle were produced for show at the East Texas Fair at Tyler. Entry forms have been mailed to members and need to be completed and returned NOW to Marie Hooper, Rt. 20, Box 83, Tyler, Texas 75708. Selection, feeding, and training of top show animals will insure an excellent show, and help to create active interest in prospective customers. These come show cattle can go right on to the local show and fair, which are very important activities in promotion of Pinzgauers. Owners and breeders should be ready to answer questions from interested visitors. Promotion is important in creation of new markets.

Feeling probable quarantine of Texas cattle, every breeder now needs to seriously consider establishment of Certified Basque Free status for his herd. Local veterinarians can arrange this.

Looking For Cattle You Can Depend ON?

Today's Cattleman needs productivity and performance he can bank on... the proven, predictable performance of the Pinzgauer. As productive as they are colorful, count on Pinzgauer if you're looking for cattle that can produce a profit in today's market.

Bob Sullivan, College Station, TX, welcomes Ken Meyers of Modesto, CA, to the SWPA Annual Field Day, May 14 in Athol, TX.

Myers Developing Pinzbrah In CA.

Leroy and Ken Myers, premier breeders of Andalus fullblood Pinzgauers, are now developing the first Pinzbrah herd in California. The Myers attended the Pinzbrah Breeders' annual meeting in Athens, Texas, on May 14. At that meeting, Ken was elected to the Board of Directors of the American Pinzbrah Association.

Koe stated that the growth of Brahman cattle in California has created a desire to develop the Pinzbrah breed.

Plans are now in progress to A1 selected fullblood Pinzgauer females to Dan Scott's Pinzbrah bull. The Myers will assist other California Pinzgauer and Pinzbrah breeders to develop their herds.

Pinzgauer's To Show At East Texas Fair

The SWPA will be participating in the activities of the East Texas Fair at Tyler in September. All Pinzgauer cattle that are to be exhibited or shown must be in the box by 6:00 pm, Sunday, September 25. The SWPA show will be Monday, September 26 at 7:00 pm at the East Texas Fair Grounds. Cattle will be relocated from the barn on Wednesday, Sept. 28 at 10:00 pm.

Rules governing the East Texas Fair:

1. All Pinzgauer entries must be registered with the American Pinzgauer Association to be eligible to compete;
2. Registration papers and tattoos will be checked by show officials on stall papers are assigned;
3. No exhibitor shall be permitted to win more than two prizes in any one class;
4. All rules governing the Livestock Department as well as the general rules and regulations will apply to the Pinzgauer section; and
5. The \$25 Herdsman Award in the Pinzgauer section will be matched by the SWPA.

Two classes have been added to the 1983 show. The first is Produce of Dam which will consist of two offspring of one cow, within the age limits of individual classes. The other new class is Out of Sire. This class will be made up of three animals, both sexes represented, which are owned by one exhibitor.

The entry fee per animal is \$25 each for show cattle and \$15 per head for on-bait cattle. Entry cards should be completed and returned to Marie Hooper, Rt. 20, Box 83, Tyler, Texas. Questions concerning Pinzgauer cattle at the East Texas Fair exhibit and show should also be addressed to Mrs. Hooper.

See More PINZGAUER NEWS On Page 18

Necessary tests. Breeding stock needs to be able to breed freely across state lines for sales show.

In 1984 East Texas Pinzgauer Breeders and Southwest Pinzgauer Association will again join hands for the annual Field Day. SWPA will be celebrating a tenth anniversary. A sale is tentatively planned in conjunction with the field day. Semen from top producer bulls has been donated to create added interest to buyers. It is not too soon to select your sale animals.

Active members are urged to contact inactive members and invite them back into active membership. Encourage their participation in coming activities at Tyler. It is time to begin to bridge that communication gap and strengthen the position of Pinzgauers for progress.

Pinzgauer News

John and Carolyn Thorne, 1508 Charleston, Gerland, Tx. 75041, 214-278-9788, will collect and supply Weekly Livestock Reporter with complete SWPA news and promotional information. Ma. Woodie Talbot, SWPA President, asks each association member to develop news items and photographs and mail to the Thorneas by the 15th of the month for publication in the Pinzgauer News of the WLR.

Southwestern BEEFALO NEWS

This fullblood Beafalo bull calf, Texas Sem, is shown on the Roy Jennings Ranch at Purdon, Tex. The calf was born April 4, 1983 out of Texas, a 7/8 Beafalo cow (21/64 Bison) and sired by Bedlands Bill, (27/64 Bison).

Beafalo Show at North Texas Fair Set August 23-28

Frisco, TX — The Southwestern Beafalo Association, Inc. and the North Texas State Fair will sponsor an open Beafalo show at the North Texas State Fair August 23-28, 1983 at Denton, Texas.

Classes for the show are as follows:

- Class 1 — Jan. 1, 1983 and after; Class 2 — Oct. 1 thru Dec. 31, 1983; Class 3 — July 1 thru Sept. 30, 1983; Class 4 — Apr. 1 thru June 30, 1983; Class 5 — Dec. 1, 1981 thru Mar. 31, 1982; Class 6 — Grand Champion; Class 7 — Reserve Grand Champion; Class 8 — Bulls.

Anyone with Beafalo cattle registered in the Beafalo Registry of the American Beafalo Association, World Beafalo Association, or International Beafalo Breeders Registry are invited to participate in these shows. All animals shown must be 1/4 blood Beafalo or higher. There will be five classes of breeding females and one class of breeding males.

Tom Martin, Richardson, Texas, will be Superintendent of the Beafalo show. For information on these shows please contact Roger Powell, President, Southwestern Beafalo Association, Rt. 2 Box 80, Frisco, Texas 75034, Ph. (214) 877-2818 or Tom Martin, Rt. 2 Box 80, Cheyenne, Texas 75030, Ph. (214) 281-1511.

Beafalo Foraging Ability Shown

Edmond, Oklahoma: Beafalo breeder, Gary Newman, initiated a program designed to test the claim that beafalo, by retaining some of the biallo's foraging ability, can maintain themselves more efficiently than non-beafalo breeds on lower quality forage or under severe conditions such as drought or winter. (Preliminary results reported in the February 24, 1983 Weekly Livestock Reporter.) The test, for the first time, provided hard backup data for this claim and provides, within the statistical limitations of the test size, quantitative data for comparison of foraging efficiency.

The test was initiated the first week in October 1982 after hard freezes had killed the pasture grasses and foraging ability and roughage conversion differences became important and measurable. The October 1 weight was considered to be the animals top condition weight after a fall summer growing on good quality bermuda and active grass pasture. With the October weighing, all animals were wormed with Levevole Boluses and subsequent feces tests showed the worming effective and the animals parasite free.

The animals were subsequently weighed on January 1, 1983 and February 28, 1983 and those who showed a decrease in weight in on effort to measure the animals weight retention and thus its "foraging ability."

Twenty-two animals were included in the test. Only cows and breeding age heifers were included in the test in an attempt to minimize weight gain, or loss, variables associated with younger cattle. The test included 15 beafalo and 7 non-beafalo animals. Of these animals, 9 beafalo and 8 non-beafalo carried nursing calves or calves through January 1, 1983.

All test animals were wintered together with 21 non-test, younger animals on approximately 50 acres of combination bermuda and native grass pasture. It is important to note that central Oklahoma experienced a very hot, dry fall and pasture quality in the fall and winter of 1982-83 was the worst in several years. Neighboring cattle raisers report feeding up to twice as much hay this winter due to general poor pasture conditions.

In addition to pasture, the test animals had "Stockade 4" mineral supplement available free choice throughout the test and received supplemental feeding after January 1. Supplemental feed consisted of 8 hales/day of combination bermuda-native grass hay and 100 pounds of 80% breeder (CONT. ON PAGE 18)

"THIS IS NO BULL"
 Vrdan Perme-Bitt Engineering
 department is now offering 1 1/2" x 2 1/2" windmill cylinder barrels with caps, at 1/4 the price they are selling for now! These barrels and caps are made from thick, heavy well PVC end then lined with 100% urethane. These barrels are as good as any brass barrel on the market! The urethane lining assures long life and true-chamber strokes. Our 1 1/2" x 2 1/2" barrel sells for \$37.95 plus \$2.75 postage. It corrects right to your 2" pipe (steel or PVC). These urethane lined barrels are doing a wonderful job right now. Send for information. This is our 33rd year.
